NUMBER 43

## COLLEGE POSTOFFICE AND OTHER BUSINESSES DESTROYED BY FIRE

**Flames of Unknown Origin Razed Two Buildings and Destroyed the Stocks and Fixtures of Three Places of Business and Postoffice Shortly After Midnight Last Night.**

Residents of Bachelors Hall, A. and M. College, returning from social engagements were the first to notice the flames which consumed two buildings and destroyed three business establishments and razed the postoffice at College Station shortly after midnight last night. The alarm was turned in at midnight and the College fire-fighting equipment was at the scene in five minutes and the Bryan City fire truck but 25 minutes later. The long frame building belonging to W. C. Boyett, which housed the College Station postoffice, tailor shop, grocery store and lunch stand, and an adjoining building, owned by Joe Sosolik, housing the latter's studio, were completely destroyed, only a small portion of the contents being saved.

**Mail Was Saved.**

No A. and M. College property was damaged or even in danger at any time. Practically all mail and packages and other valuable material in the postoffice were saved, Frank Anderson and Thomas F. Mayo leading the rescue work in the postoffice and being chiefly responsible for the quantity of mail salvaged. Mail that had been put into private boxes, is believed to be the extent of the loss, with the exception of the current edition of two magazines.

**Some Goods Salvaged.**

From the tailor shop some clothing was saved and several cameras and other material were saved from the Studio. The grocery stock, with the exception of the cash register, was a total loss. Mr. Boyett estimated his loss at about \$5,000 on the building and fixtures, not including the grocery store, owned by his son, Guy Boyett, who had only \$1500 insurance and estimated that replacement of same would cost about \$6,500 to \$7,500. Sosolik's loss is about \$4,000 with \$2,000 insurance. V. Angelo, owner and operator of the tailor shop, had \$1,000 insurance which will about cover his loss.

**Postpone Re-Building.**

Postmistress Mrs. Geyer has secured temporary quarters in the north end of the H. and T. C. depot and is there receiving and distributing College Station mail until permanent quarters can be found. Joe Sosolik has established headquarters on the third floor of the Mechanical Engineering building. Mr. Boyett stated today that he would not rebuild the structures right away. Besides the names of those above mentioned, the College Cadet Corps assisted much in the salvage work that was done.

## GAS IS SHOWING IN CONATELLO WELL AT A DEPTH OF 1540 FEET

(From Tuesday's Daily)

F. E. Sheldon, field manager of Conatello Well No. 1, reports considerable gas showing at a depth of 1540 feet. He is now drilling in hard rock formation and the driller is very optimistic over the showings they have had. The driller, who has drilled in all the proven fields of Texas, reports that the log is running with other logs in producing wells and feels confident that he will get an oil well. The machinery has been put in first class shape and they are now in position to find oil, or complete their contract to 3500 feet. Fossils taken from well show that they are in the lower strata of Cook's mountain formation. The roads to the well are in good shape and the public is cordially invited to visit it.

## J. D. MARTIN REPORTS ON COUNTY-WIDE PLAN OF FARM TERRACING

(From Tuesday's Daily)

At the regular weekly meeting of the Board of Directors of the Bryan and Brazos County Chamber of Commerce, held this morning at 10:30 o'clock at the rooms, with fifteen present, Chairman J. D. Martin of the Agricultural committee reported a proposition which had been submitted to the commissioners of Brazos County at their regular meeting Monday, March 12. County Judge H. O. Ferguson announced that the Commissioners had voted to accept the proposition of Chairman Martin. Chairman F. L. Henderson made a report for the Bryan Building and Loan Association. A communication was read from President E. J. Jenkins of the Bryan Red Cross. A motion was carried that as the Chamber of Commerce is a business organization and that this communication is with reference to charity and relief work, that it were best that no action be taken in the matter.

**Chairman Martin's Report**

Those present at this morning's meeting were: Wilson Bradley, Travis B. Bryan, Judge H. O. Ferguson, President J. M. Gordon, Mayor Tyler Haswell, F. L. Henderson, M. L. Parker, John M. Lawrence, T. K. Lawrence, J. D. Martin, Oak McKenzie, E. E. McAdams, Major L. L. McInnis, M. E. Wallace, Kay Halsell, with Secretary S. E. Elberstadt at the desk.

Following is the report of Chairman Martin of the Agricultural Committee of the Chamber of Commerce made to the Commissioners Court of Brazos County: "Governor O. M. Roberts has truthfully stated, 'Civilization begins and ends with the plow.' Brazos county is almost strictly an agricultural county, and we, the agricultural committee of the Bryan and Brazos County Chamber of Commerce, feel and fully know that no bigger or better work could be done in the county than in assisting the farmers in the saving of their lands, which we all realize is fast washing away in many sections of the county; and no better work could be done by the Chamber of Commerce than a terracing campaign.

**Joint Purchase Ditchers**

"For the past year the Chamber of Commerce has paid the county's part of the salary of Miss Laura Belle Roten, home demonstration agent; this committee feels, and we believe that your honorable court will agree, that this has been a very valuable work, well rendered in all sections of the county; and that this work should be continued and no question but that the county should pay the salary of the home demonstration agent; and, in view of the fact, this committee begs leave to submit to your honorable body, this proposition: 'That the county will continue the home demonstration work in Brazos County and pay the salary of the agent for one year; the Bryan and Brazos County Chamber of Commerce will match dollars with the County in purchasing 'ditchers' to be loaned to the farmers of Brazos county, without any cost to the farmers of the county, said ditchers to be in charge of county agent."

County Agent A. W. Kinnard, Jr., who has been confined to his bed for several days quite ill with mumps, is able to be out again, his many friends will be glad to learn. —Gilmer Mirror.

Prof. D. J. McDonald, county superintendent of education returned today from a business trip to Franklin.

## POSSES HUNTING NEGRO--KILLED A HILLSBORO MAN

HILLSBORO, March 14.—Sheriff's posse, and many citizens are today searching for Leroy Harris, negro farm hand, who, it is charged, shot and killed Wylie C. Smithson, a farmer of near here, late yesterday. Bloodhounds are said to have lost the trail. The cause of the trouble is not known beyond the fact that Smithson upbraided Harris for failure to bring seed corn to the field for planting. Four bullets struck Smithson, three after he had dropped to the ground, according to the officers.

## ONE YEAR FOR SAM PALERMO ON A CHARGE OF MAKING BOOTLEG

(From Tuesday's Daily)

One year in the penitentiary was the sentence of the jury in the case of the State of Texas vs. Sam Palermo, the latter charged with the manufacture of intoxicating liquor. Palermo had first plead "not guilty" but when the case started he changed his plea and entered one of "guilty" instead. A civil case occupied the attention of district court this morning and this afternoon the case of the State of Texas vs. W. H. Jones, the latter charged with forgery, was called. Jones was sentenced to two years in the penitentiary from Burleson county, it is said on a similar charge. Now he is to answer for an alleged offense in Brazos county. The out-of-town witnesses for this case are: T. W. Worthington, Burleson county and J. H. Royder and Claud Baker of Wellborn. Nothing is scheduled for Wednesday session of district court but on Thursday comes the next to the biggest trial that was set for this term of court, the trial of George Jackson, negro, charged with the killing of his wife on the 19th of June, 1922. This case is attracting much attention in all circles and the courtroom will be crowded to hear the evidence.

## TENTH COURT CIVIL APPEALS INCLUDING BRAZOS IS NOW LAW

(From Tuesday's Daily)

(By Associated Press) AUSTIN, Texas, March 13.—In a message to the legislature Governor Neff stated that he will stand by his proclamation calling a special session for Thursday. He said that if the legislature then saw fit to adjourn immediately on Thursday, he would not call another session until April or May. The House today passed over the governor's veto the Witt Bill creating the Tenth Court of Civil Appeals with the court seat at Waco, by a vote of 91 to 17. It now becomes a law, having passed the Senate with the necessary majority. The Senate engrossed the House emergency - miscellaneous appropriation bill, amounting to approximately \$250,000 and then refused to suspend the rules to pass it, probably thus killing it for this session.

Mrs. J. S. Palmer has returned from Waxahachie and Dallas, where she spent the past week on business.

## SILVER LOVING CUP FOR BOTH LITERARY AND ATHLETIC MEETS

(From Wednesday's Daily)

It is with sincere pleasure that we announce to the schools of the county two beautiful silver loving cups to be given as prizes in the Field Meet. Heretofore, the contestants in the meet have had nothing to work for excepting a ribbon, or perhaps a few medals for individual winnings. There was nothing at stake to show for the high point school. But now, the winning school will receive something for the teamwork that makes it winner. The writer went to C. R. Gardner some time ago and put the proposition up to him and he said he would be glad to give a loving cup to the school of the county making the highest number of points. Mr. Gardner is in the insurance business and wants to become well acquainted with the people of the whole county. Then, too, he has worked directly with school people so much that he says he can't get away from a desire to keep working with them. Mr. Gardner's cup will be known as the C. R. Gardner Insurance Company Loving Cup, and will go to the school making the highest number of points in the Field Meet.

**For Winning School**

But his cup is not all. Our school friend, Mayor Tyler Haswell, is giving a cup. The writer did not start out to see how many cups he could get. Nor did he have to plead for the gift. Mr. Haswell seemed to take pleasure in offering a cup. He said he saw no reason in the world why Brazos county shouldn't have something for her schools as a county stake rather than having to wait until they reached the state contests to compete for a real prize. As Mr. Haswell handles all our school book supplies, his loving cup will go to the school making the highest number of points in all the literary events. Too much stress is being placed on the winners in athletics. We all must wake up to the fact that athletics will take care of themselves. It is encouragement in literary events that need our first attention. Mr. Haswell's cup will be known as the Haswell Silver Loving Cup, and will go to the school making the highest number of points in all literary events, including declamations, debates, all text contests, spelling, etc., etc. Both cups are given for only a year at a time. They shall be won and held from year to year.

**Encourages Team Work**

In behalf of the schools of the county I wish to publicly thank Mr. Gardner and Mr. Haswell for the gifts and say to them that we appreciate the public spirit that prompted the gifts. These are magnificent gifts and will certainly go far towards creating a friendly but keen spirit of rivalry among the schools. There is beauty in a prize for the whole school; it creates a feeling of team-work in the school which is very wholesome and fine for the entire school community. We thank Mr. Gardner and Mr. Haswell. P. S. MANGUM, President and Director General.

## HOUSE TODAY VOTED TO RAISE SALARIES GO. COMMISSIONERS

(From Tuesday's Daily)

AUSTIN, Texas, March 13.—The house today passed the Senate bill authorizing the adoption of the county unit system of schools. It also passed a bill increasing the salaries of county commissioners.

## CONFERENCE SESSION AT COLLEGE PLANS CONSTRUCTION OF BUILDING

**President W. B. Bizzell Returns From Austin With Bill For New Extension Service Building Passed By Senate Too, in His Pocket—Rountree Lauded Ablest Representative in 38th Legislature.**

(Special to the Eagle.)

COLLEGE STATION, Texas, March 10.—President W. B. Bizzell returned from Austin yesterday morning with the bill providing for the new Extension Administration building and passed finally by the Senate yesterday stuffed ostentatiously from his front vest pocket. He called a conference with Director T. O. Walton of the Extension Service and Professor E. B. La Roche, architect of the College and immediately went into consideration of plans for the new building, and plans for the remodeling of the old building now occupied by the Extension Service to make it suitable for a dormitory.

**SUCCESS OF HON. LEE J. ROUNTREE IS REMARKABLE**

At the conclusion of the conference yesterday morning he announced that contract for the new building would very probably be let by April 1. He expects to locate it on the lot just west of the Research Administration building of the Experiment Station on which is now located one of the first residences erected on the campus. In commenting on the passage of the bill President Bizzell was very complimentary to Representative Lee J. Rountree for his service in behalf of the institution. "The success of Honorable Lee J. Rountree in the Thirty-Eighth Legislature has been remarkable", President Bizzell stated. "No man in the Legislature has been more successful than he in securing legislation that he fostered. He has secured passage of more important legislation in this session than any other man of the body. He has been on the job devoting all his energies to work of the College and its branches." President Bizzell expressed the opinion that no opposition will develop to the other emergency measures pending before the Senate and that they will be passed before the close of the regular session.

## TOTAL REQUISITIONS ON STATES FUNDS TO GO OVER \$41,000,000

(Special to Dallas News)

AUSTIN, Texas, March 14.—The present Legislature has appropriated \$7,738,509. The governor can veto some of it, but only a small amount as compared to the total, as the larger amounts have been approved, leaving smaller items for his disposition. The Board of Control has recommended general appropriations aggregating \$30,000,000, and there is a deficiency of approximately \$1,000,000, all of which will be considered at the special session. In addition, the special session will be asked for \$2,000,000 to aid the rural schools. With the special session expenses added to the amount now appropriated and the requisitions in prospect, the total will go to something over \$41,000,000. On the basis of sources of revenue, and without regard to any that may be created by the Legislature, the Board of Control estimates that the income for the general fund for the next two years will be \$35,244,577.19. To meet the estimate of \$41,000,000 in outlay, it will be necessary for the special session to find new sources of taxation to yield approximately \$6,000,000, or \$3,000,000 a year, less whatever comes from the tax levied on sulphur production by a bill passed at this session and plus whatever amount the Legislature adds to the board's budget. An itemization of the appropriations already made follows: General deficiencies, \$428,509. Citrus fruit experimental station \$50,000. Texas Technology College \$1,002,500. Topographic and hydrographic surveys \$800,000. Emergency school appropriations \$3,000,000. A. and M. College Extension building \$100,000. Prison loan refund \$820,000. Prison maintenance appropriation \$60,000. Legislative mileage and per diem \$60,008. Legislative contingent expense

## GABE CAZELL ASKED TO LEAD SINGING IN ROTARY CONVENTION

"You are on the official program to lead in the singing at the Rotary Conference, Wednesday afternoon, March 21st. We want you too to lead the singing at the Beaumont Rotary Club Luncheon, Tuesday, March 20th, and also to assist Revelry Night. I presume, of course, that you will take pleasure in responding to this new assignment," is the text of a letter to Gabe Cazell from J. C. Wilson, chairman of the entertainment committee of the Beaumont Rotarians, under date of March 12. Mr. Cazell has gained for himself a statewide reputation as a song leader and we feel sure he will sustain this deserved reputation on this occasion.

## MARRIAGE LICENSES FOR BRAZOS COUNTY

(From Wednesday's Daily)

Marriage licenses issued since the last previous publication, according to the record book at the office of County Clerk A. S. McSwain, are: Cisto Samaro and Fidelia Ybarra; Sam McDaniel and Marie M. Nash; Frank Thomas and Curtha Munson; Frank Harris and Callie Lewis; Geo. Banta and Elizabeth Marie Boriskie; W. S. Banks and Della Brown; H. F. Kehlenbrink and Eda Jeske; Ben Hanna and Annie Russell; Professor Clayton and Idella Johnson.

\$40,000. Miscellaneous claims against State \$480,000. Administration building, North Texas Normal \$300,000. Heating plant at College of Industrial Arts \$110,000. School survey \$50,000. Numerous minor appropriations \$25,000. Revising and codifying State laws \$72,500. Total \$7,738,509.

# BASEBALL TEXAS AGGIES Vs. Houston League Team

March 20 and 21, Kyle Field, College Station, Texas

Batteries: Mayor Haswell, Pitch; Hon. Lee J. Rountree, Catch;  
Dr. W. B. Bizzell at Bat

ALL BRYAN STORES WILL CLOSE AT 3 P. M. TUESDAY, MARCH 20th

New Grandstand Will Seat 3000

MEMBER OF ASSOCIATED PRESS

HOUSE THE A. AND M. BOYS.

Henry Ford failed in his attempt to "take 'em out of the trenches before Christmas." President W. B. Bizzell of A. and M. college probably will succeed—at least he should succeed—in his attempt in Austin this week to "take three hundred overflow students at A. and M. out of their tents by fall." Educationally speaking, Texas has grown in three years such a bumper crop of students that there is not enough warehouse space. The Texas legislature has reacted to this problem in a very progressive and intelligent way. The state university shack condition is about to be eliminated through the three million dollar loan act. The Battle of West Texas, waged for six years, has resulted in victory without pain. The additional funds provided by the oil and gasoline taxes will result in improved educational conditions.

The only uncompleted act needed to round out the sane program in education, begun by the legislature early in January is the A. and M. college proposal now before the senate.

This proposal is that an emergency appropriation of \$100,000 be created for an extension service building. At present the extension service is housed in Gathright hall. This hall is available for dormitory space at an expense of \$15,000. If this proposal fails of passage, it is admitted that over six hundred Texas boys next fall will reach College Station clamoring for a roof over their heads, with no roof available.

This condition is all the more deplorable in prospect, because there is no city at College Station. At Austin such a situation might be taken care of by the five or six thousand citizen homes. At College Station the only solution is tent life. There has been no serious opposition to the Bizzell proposal in either house. The important thing is that the matter be given sufficient and serious attention—at this session of the legislature. During the dying days of any legislature there is considerable possibility that even a measure of this merit may fail to get proper attention.

Senator Dudley as chairman of the finance committee is, of course, a cool and veteran performer and is not likely to permit the shelving of this bill during the confusion of the closing days of the session. The bill was by Rountree of Brazos and he passed it through the House.—Austin American.

### ROUNTREE RESOLUTION.

The resolution introduced by Representative Rountree of Bryan urging the creation of an international commission to settle water disputes between the United States and Mexico is one in which the Valley is deeply interested. The time is coming when practically all the waters of the Rio Grande will be utilized for irrigation on both sides of the river, and now is the time to make the necessary arrangements and agreements to avoid a conflict of interests and possible disputes in the future. Representative Rountree has made a thorough investigation of the irrigation possibilities on both sides of the Rio Grande, and his solution offers to congress a suggestion which is well worthy of serious consideration. Mexico now has a commission similar to the one proposed for the United States, and the Mexican government has on several occasions evinced a willingness to agree upon water division if the United States will authorize a commission to enter into negotiations with them.—Brownsville Herald.

It was ever thus and likely always will be. A few days ago we published a very complimentary article about a local citizen, but in it we made a trivial and immaterial error. The first time we met him after the paper was published, he mentioned the error but said nothing about the rest of the article. People rarely fail to point out an error in a newspaper. Seemingly, they take pleasure in doing so. If the local newspaper were to point out the errors committed by every townsman it would contain not much else.—Plainview News.

The newspaper is an ever unfolding encyclopedia; an unbound book forever issuing; never finished and always new. Did you ever stop to think that millions have no literature, no school and almost no pulp but the press? Not one man in ten reads books, but every one of us except the very helpless poor satiates himself every day with the paper. It is parent, school, college, theatre, pulpit, example counselor, all in one. Every drop of our blood is colored with it.—Henry Ward Beecher.

Advertising, if taken in regular doses, according to our direction will cure any of the ills of business. Groesbeck Journal.

## KEEP THE CHICKENS UP

Official notice has been published that the ordinance requiring owners of chickens to keep them off the premises of others will be enforced. Now, don't anybody get mad. Just obey the law and be sweet, and chickens and gardens and flower beds will flourish and flower growers and chicken raisers can live in the same block without fighting.—Corsicana Sun.

Of course nobody will get mad, brother. How could anybody get mad because somebody didn't want somebody's chickens marauding anybody's premises? Chickens are fine, especially in a stew, but they are out of place in a neighbor's yard or flower garden. The law says keep them up, common courtesy says keep them up, neighborly amenity says keep them up. Everything says keep them up, therefore if they are not kept up those who do not keep them up will be prosecuted at the court house and persecuted in society. This applies also to milch cows and dogs. A milch cow which browses herself on the tender herbage of a neighbor's curb, or a neighbor's side yard, subjects herself to the impassioned invectives of a soprano vocabulary. A cow is a very useful creature, although not particularly ornamental. She looks fine in a dairy barn, and can be endured in a town-lot back yard, if she doesn't practice vocal. But a cow at large in a suburban settlement is a casus belli, which is Latin for "dangerous proposition." And dogs. How many housewives enjoy having the neighbors send their dogs over to dig holes in flower beds and scratch cool resting place in the moist earth of the nasturtium bed? Keep every hustling chicken up, keep every blessed milch cow up, keep every darn dog up, if you want to be considered decent by your circumjacent friends and hope to go to heaven when you die.—State Press in the Dallas News.

## TEXAS FORESTS PASSING

"Texas must reckon with its vanishing forests," thunders an exchange. Fifty years ago, Texas had 12,000,000 acres of pine lands. Now Texas has 2,000,000 acres of pine lands. Are the people asleep?—Waco News-Tribune.

There is pending before the legislature at Austin a bill by Representative Rountree of Brazos county, to locate a forest in Texas to cost 100,000 to occupy cut-over timber lands which have been devastated and are now worth only \$5.00 per acre. The author of this bill declares that such a forest planted on the lines of the Black Forest in Europe will awaken the people of Texas to a new duty to save the cut-over lands for future generations.

## INSPIRES SCIENTIFIC FARMING.

Tarleton Agricultural College is located at Stephenville, on the Cotton Belt Railroad. Within four years its enrollment has increased from 261 to 900. The college is a branch of the State Agricultural and Mechanical College, is one of the two junior colleges in the land grant system of colleges, and is, therefore, peculiarly an agricultural college. As an agricultural college, it is creating a wholesome appreciation for agricultural training in the minds of many students who have not discovered themselves or their possibilities. It is, furthermore, creating a wholesome appreciation for scientific agriculture in the minds of many strong students, who would otherwise be inclined to possess little faith in the problems. The college is inspiring both of these classes of students to pursue more advanced scientific studies. In so doing, it is contributing to the welfare of the State for it is directing into scientific channels many strong, ambitious young men and women who otherwise would not be so directed.—Waco Times-Herald.

A bill before the legislature provides for the sum of thirty cents for the rattles from every rattlesnake's tail. Good, hope it goes through; Also wish the legislature would offer equally as large an amount for the forked tongue of every hissing human and she viper who creeps, crawls, slides and hides around spitting their venomous slime at those so far above them as citizens that they are never touched. Not that those human reptiles ever harm anyone, but they are oathsome, unholy objects to behold; but Christians must bear with them, pray for them, set them an example worthy of emulation because God also made them, and while the light holds out to burn the vilest sinner may return to work in God's vineyard—do good and receive their reward from God, the praise, admiration, esteem and co-operation of all good people. You know "as long as there is life there is hope."—Victoria Facts.

An exchange states that Governor Neff handed the people of West Texas a smooth line of conversation while attending the celebration at Sweetwater, last week, and accuse him of flattery for political purposes. Before accusing our governor, kindly remember that his name is "Pat 'Em Neff."—Honey Grove Signal.

No town that expects or wishes to grow can do so without a Chamber of Commerce. No town has ever yet grown into a city without the aid of a Chamber of Commerce. Don't forget this. Join the Chamber of Commerce.—Corsicana Sun.

FOR SALE—If you are interested in Jersey cows, the kind that are good, and continue to breed good ones, see J. M. CALDWELL.

When the bowels are constive the waste matter ferments, producing a gaseous condition that is disagreeable. To remove the impurities quickly, a dose of Herbine is needed. It does the work thoroughly and pleasantly. Price, 60c. Sold by all druggists. (Adv.)

## TEXAS IN GREAT NEED CHANGE OF STATE LAWS

(Waco News-Tribune).

This is the Thirty-eighth legislature of the commonwealth of Texas. There are 31 senators and 150 representatives. It is a two-house law-making body. It has been a two-house lawmaking body since admission to the sisterhood of states. In the days of the republic, there was a senate and a lower house. Texas is magnificent in its territorial domain. It is as large as five of the rich and populous states of the sisterhood. It has the longest border line it has the longest coast line. An upper house of 31 senators is provided by the constitution. A lower house of 150 representatives is provided by the constitution. A regular session of the legislature is fixed at 60 days, and a lawmaker is paid \$5 per day. After the expiration of the 60 days, should the legislature continue in session, the lawmaker is paid \$2 per day. All this, according to the provisions of a constitution that was drafted and adopted in 1876, or nearly 50 years ago.

There is a new constitution coming, in the near future. Perhaps it will come in 1925. A constitutional amendment providing for a referendum by the people has been passed by the lower house and is pending in the senate. If the senate concurs, then the proposition will be submitted to the people at the regular election in November, 1924. If the amendment is adopted then an election for 93 delegates will take place, three from each senatorial district, and to these delegates will be given the task of drafting a new constitution to be submitted to the people for ratification or rejection.

All this leads to more talk, as the sporting editor says in his breezy reviews of athletic events on the favorite games of the multitude. Why should the world stand still? Why should a commonwealth stand still? Why should there not be a constitutional innovation? Why should there be an upper house of 31 members? Why should there be a lower house of 150 members? Why a 60-day session every two years to transact the business and legislate for the needs of 5,000,000 people.

Why not a single house legislature? Why not a legislative body of a very limited number? Why not appropriate salaries for those who are called upon to make the laws of the state? Why not a legislative body functioning all the time? In a republic there are three branches of government—the executive, the legislative, and the judicial. The governor of the state is required to give all of his time to the state. As the chief executive, he functions all the time, from the beginning of his term or terms, until the end. His court judges function and all the lesser judges. They are paid annual salaries, they are ever at their posts and why not a legislative body functioning as the executive and judicial branches of the government function?

If there is to be a new constitution written, why shouldn't daring spirits ready to break away from old governmental ruts, venture into a new field and provide for a 1-house legislature with a very limited membership, to be elected for terms of two to four years at a salary of say \$8,000 or \$10,000 per annum, and to be in session continuously repealing old laws which are ineffective or obsolete and making new laws which are in keeping with the ever changing and ever increasing demands or needs of a patriotic and fast growing people. Could not this be done without its being violative of the spirit of democracy or the fundamentals of a republican form of government?

Among the fathers of the republic, there were men who believed that the congress should be a single legislative body that there should be no senate. Alexander Hamilton and many others who could not get away from the aristocratic house of lords with its plebeian house of commons, insisted that the congress of the republic should have an upper and a lower house, that members of the upper house should be elected for six years, the lower house every two years, in order that the upper house should hold in check measures coming from the lower house with a membership fresh from the ranks of the people.

Texas has 20 members of the lower house of congress. Why wouldn't a Texas legislature composed of a member from each congressional district be a vast improvement on the present system. Who would object to paying a member of the house a salary of \$8,000 or \$10,000 per year? Who would object to a continuous session of two to four years for a legislature fashioned on these lines? Who would object to continuous sittings all the higher courts has been said, are in continuous session. All legislative demands of the people for their pressing needs, all emergency matters demanding legislative relief, all problems which are subjects of legislative action today could be placed before a deliberate body of lawmakers under the same dome as the executive body and his department and the judges and their courts.

If a bill was enacted whose constitutionality was a matter of doubt, it could be placed before the proper judicial body and there would be quick action on the points which had been raised either the lawyer or the layman. All other departments of government function daily year in and year out. Why not a legislative department? It would be a large saving of money for the taxpayers, vastly cheaper than the legislative system of today. It would be a blessing to all the conflicting sections and interests, either industrial, agricultural, financial or otherwise. They would be less inefficient, less waste, less extravagance in the expenditures of the money of the

## ROUNTREE MEASURE APPROPRIATIONS FOR A. & M. UP TO GOVERNOR

(From Saturday's Daily).

(Special to Dallas News)

AUSTIN, Texas, March 10—A House bill by Mr. Rountree, appropriating \$100,000 for an administration building for the extension service of the A. & M. College, and \$15,000 for repairs to Gathright Hall, was passed finally by the Senate late Friday. The bill is now ready to go to the governor for his signature. The vote on final passage was 28 to 0.

Other bills passed finally by the Senate today: Senate bill regulating fees of county attorneys, in certain counties. This bill was amended so as to fix fee of the county attorney at \$5, in cases where plea of guilty is entered in Justice, of the Peace Court and \$10 in County Courts in cases where plea of guilty is entered or conviction is obtained after prosecution.

Senate bill providing for the development of state permits and leases on river beds and channels by providing for transfer to state for use of available school fund a portion of oil produced on the mainland adjacent to river bed or channel.

## KURTEN WOMEN HELD HOME DEMONSTRATION MEETING WEDNESDAY

(From Friday's Daily)

The Woman's Home Demonstration Club of Kurten held a big meeting Wednesday afternoon at the Woodmen Hall, Kurten, at 2 o'clock at which 28 women and 18 girls were present. Two women reported from the Reliance community. The representation at this meeting is but an example of the manner in which the women of Kurten turn out to meetings of this nature and Miss Laura Belle Roten, county home demonstration agent stated, in mentioning the above, that she was deeply appreciative of the loyal support they gave her on every occasion. Miss Roten took Mrs. Dora Barnes, clothing specialist, extension service department of A. & M. College, to the meeting. She talked to those present on "Appropriateness of Dress" and also gave a millinery demonstration. She took Miss Agnes Valena as a model and showed the women how to make eight different kinds of hats that could be made out of a piece of cloth 30x30 inches. The club girls under Mrs. L. N. Tyer had the rooms beautifully and tastefully decorated in white narcissus and ferns and served chocolate and cake. All present appreciated the efforts of the club girls.

## TABOR GIRLS' CLUB READY TO BEGIN WORK ON PROJECTS, COOKING

(From Thursday's Daily).

On Tuesday morning, the Girls Club at Nob Prairie, Miss Ray Wilcox, teacher of the school and leader of the club, was visited by Miss Laura Belle Roten. The girls are doing some beautiful embroidery work. Seventeen girls were present at the meeting. On the same day, Miss Roten visited the girls' club at Tabor, eighteen present. The girls of this club have practically finished their sewing work and are about ready to begin on projects and cooking.

## FARM KITCHEN JUDGED RELIANCE COMMUNITY

Mrs. W. B. Cline and Miss Laura Belle Roten, home demonstration agent, visited the farm kitchen of Mrs. J. M. Conway in the Reliance Community and made the first judging of it. They also judged the room of Miss Edith Conway, her daughter, in the Home Improvement Club work. They next visited the farm kitchen of Mrs. A. W. Kindard, southwest of Bryan, for its first judging.

taxpayer.

This is neither implied criticism nor censure of the members of the Thirty-eighth or their immediate predecessors. It is the legislative machinery that is faulty. It is cumbersome and unwieldy. The lawmakers are not given sufficient time or opportunity to read or analyze the flood of bills let loose on every session, relative to every conceivable subject or topic for the 60 days of the regular term fixed by the constitution. It would be a physical impossibility for an individual or an aggregation of individuals to undertake the task.

More than 1000 bills have been introduced since the session began in January. Hundreds are local bills, yet they clog the hopper, occupy and perhaps waste the time of the membership of important committees, crowd the calendars, dislodge general measures of real importance, and delay the legislative game. It would require a continuous session of the present legislature of six months for the consideration alone of important measures dealing with taxation problems and constructive development of resources propositions to say nothing of the large number of bills sent from the cities and towns and school and road districts of the state. That is, it would require six months continuous session if the measures which vitally affect or concern the people were carefully digested and pruned of their defects before being crystallized into statutes.

Really the personnel of the Thirty-eighth is of a high order for one who is able to look backward over the years that have fled. It is free from one suspicion of graft or taint of scandal, and much constructive building has been done since its organization at the beginning of the year.

## NEW DIESEL ENGINE PURCHASED FOR PLANT BY CITY COMMISSION

(From Saturday's Daily)

A new, 520-horse power, four-cylinder, Busch-Sulzer-Bros.-Diesel engine was purchased last night from the St. Louis Company when the contract between the parties was signed at the meeting of the city commission at its regular monthly session in the council room at the city hall at eight o'clock. The engine is to be installed in the special building or extension of the present building, at the city power plant, the definite plans having not yet been arranged, but City Manager E. E. McAdams, who gave the above information, stated that he had been ordered to prepare plans with regard to the housing of the new equipment furnished.

Double Plants Capacity

The new engine is capable of bearing a load equal to that now carried by the three smaller engines of the plant. The engine which broke down, has been ordered repaired, which will be done within 60 days, said Mr. McAdams, and when the new equipment is installed it will be possible, when necessary or advisable, to alternate between the three engines and the new large one. The new engine was purchased through Frank Z. Sherer, representative of the company, who has been in and out of Bryan since the accident occurred which has curtailed the use of electricity. The contract price was \$38,535 and it will be shipped by the company within 45 days. It should arrive within sixty days and Mr. McAdams stated that within three or three and a half months the full new equipment will have been installed and ready for use.

Was Lowest Bid Offered

The bid accepted was much lower than any of the other three bids for different types of Diesel engines and was the one which could be delivered in the shortest time. Other bids were: A. M. Lockett & Company, Worthington-Diesel engines, 500-h. p., 3-cylinder, \$46,470, delivered in 4 months; McIntosh-Seymour Co., Diesel engine, George Westerfield, representative, 500-h. p., 4-cylinder, \$44,266, delivered in 3 months; Fulton Iron Works, Fulton-Diesel engine, M. P. Wolf, representative, 520-h. p., 3-cylinder, \$42,427, delivered in 73 days; deliveries being taken to mean time of shipment from factory. The increased capacity of the plant will make extension of electric lines in order and the distribution of more electricity for light and power.

Other Equipment Purchased

At this meeting a new directly connected generator of 350-kilowatt capacity was purchased at a cost of \$4,736 and a switchboard panel at a cost of \$612. The last two items mentioned were purchased from the Southwest General Electric Company, Houston, Texas, through its representative, J. A. Darby, who is still in the city.

## ELECTION FOR A NEW BOND ISSUE APRIL 10

(From Saturday's Daily)

An election for a bond issue of \$25,000 to be held on April 10, the second Tuesday in April and one week later than the city election was ordered by the City Commission last night at its regular monthly session at the Council Room, City Hall. The bonds are for street improvements—the carrying on of the paving work. This bond issue would not increase the tax rate if the valuations remain the same due to the fact that sufficient bonds have been retired ahead of their regular time of retirement to reduce the required levy on bonds sufficiently to take care of the \$25,000.

Cold settled in the muscles of the neck, arms or shoulder makes every movement painful. Use Ballard's Snow Liniment. It relieves the pain and relaxes the muscles. Three sizes 30c, 60c and \$1.20. Sold by all druggists. (Adv.)

## R. M. WALKER WILL GO INTO UNDERTAKING BUSINESS WAXAHACHIE

(From Saturday's Daily).

Bryan will lose a worthy and highly esteemed resident and fellowman, but at the same time will rejoice in the business promotion of a mutual friend, when R. M. Walker, now associated with McCulloch-Gordon Company as funeral director, leaves for Waxahachie about the first of May, where he is to be a partner in an exclusive undertaking establishment. Mr. Walker has been active in the business and social life of the community, an earnest lodge member and a loyal church worker. His friends are many and his manner of conducting funerals has won for him the friendship and gratitude of all member of the sorrowing group.

Fine New Building

Mr. Walker, in speaking of his new venture, said that he had gone into a partnership with the Rudolph Brothers of Waxahachie, who have been conducting a combined furniture and undertaking establishment in that city for about seventeen years. Now the businesses are to be separated and housed in a new structure in a suitable location, on the site of an old landmark of the city. The building is to be of tapestry brick veneer on the first floor and stucco for the second. The upper story is to house Mr. Walker and his family and spare rooms will be provided for the accommodation of those present to make arrangements for funerals that may be pending. The structure and equipment is to be of the very latest in undertaking plans and design and the business will be one of which any man could be justly proud.

## ROUNTREE HAILED AS MOST INFLUENTIAL MEMBER LEGISLATURE

(Cameron Enterprise.)

Hon. Lee J. Rountree, editor of the Bryan Eagle and orator of the Texas Press Association, who is considered one of the ablest speakers and most influential members of the Texas Legislature, will address the Cameron Commercial Club at its banquet on Tuesday night, March 27. The Commercial Club committee in charge of the banquet is composed of Will O. Triggs, chairman; J. C. Tucker and F. R. Dunlap. Congressman Luther Johnson of this district also has been invited to attend the banquet. Elaborate plans are being made to make this one of the most interesting banquets ever held in Cameron.

## REYNOLDS-DE STIEGUER WEDS

(From Monday's Daily).

SAN MARCOS, Tex., March 12—A beautiful wedding took place Tuesday night at the residence of Mr. and Mrs. G. F. Stevens when Miss Maudames De Steiguer became the bride of Elbert Brunner Reynolds. The reception rooms were most attractive with decorations of potted plants and baskets of pink carnations tied with pink and orchid maline. The music room, where the ceremony took place, had its mantel banked high with ferns, and on either side were pedestals holding silver vases of feathery ferns and sweet peas in orchid and pink.

Down the stairway into this attractive setting came the bride party. Mrs. I. E. Reynolds of Fort Worth came first and accompanied by Mrs. Marvin Combs, on the piano, sang, "The Sweetest Story Ever Told." With the first notes of Mendelssohn's wedding march, the six young flower girls, dressed in pink and green and orchid taffetas and carrying white baskets of sweet peas in orchid colors, came slowly in. They were Misses Eugenia De Steiguer, Annie Lee De Steiguer, Rudolph Thorn, Marshall Thorp, Madeline De Steiguer and Lynette Daley. They were followed by Miss Louise Hillyer and Mr. Shear, Miss Burney Stevens and Mr. Munson and Miss Julia De Steiguer, maid of honor. The bride came in on the arm of her father, Dr. J. R. De Steiguer. Little Frances De Steiguer, in pink taffeta and silver roses, held the silken train of the bride. The bridegroom, escorted by his best man, Mr. Rheinhardt of Bryan, led the bride to the altar. Rev. C. E. Welch read the impressive marriage service. The bride wore ivory crepe Romaine trimmed in hand-made lace, a draped model, caught with a crystal and pearl ornament at the side. Her train of broad satin fell from the shoulders. Her veil was held in place with orange blossoms, and she carried a shower bouquet of carnations and lilies, tied with orchid and pink maline. Mrs. Reynolds of Fort Worth wore a gown of yellow Georgette, with corsage flowers of yellow jonquils. Miss Hillyer wore orchid taffeta with silver trimmings. Miss Julia De Steiguer wore green taffeta with gold trimmings; Mrs. Marvin Combs wore black Spanish lace over jade.

Receiving with Mr. and Mrs. Stevens were Dr. and Mrs. J. R. De Steiguer, Mr. and Mrs. P. T. Talbot, Mrs. Versula Ferguson. The house party included Mesdames E. King, J. L. King, H. C. Hafer, Marvin Combs, S. W. Ledbetter, J. M. Hons, C. T. Bass, Norman Martin, Emma Porter, H. F. Jordan, Branch Petty, W. G. Barber, E. F. Beall, Edward King. Assisting in the dining room were Mrs. Manuel De Steiguer, Mrs. Eugene De Steiguer, Mrs. Edward De Steiguer. The dining room held as its central attraction the bride's cake. Placed on a rich cloth of Cluny lace, and surrounded by billows of pink and orchid maline, the wedding cake rose in snowy whiteness, and carried in its center a crystal vase of sweet peas in orchid and pink. Falling gracefully from the chandelier were showers of sweet peas. Mr. and Mrs. Reynolds left within a short while for Galveston before going to Bryan, where they take their home. Out-of-town guests present at the wedding were Mrs. E. King, Abilene; Edward King, State University; Mrs. J. L. King, Brownwood; Mrs. H. C. Hafer, Waco; Mrs. I. E. Reynolds, Fort Worth; Mrs. George Butler, Bryan; Miss Hillyer, Bryan, and Messrs. Shear, Munson and Reinhardt of Bryan.

Mr. and Mrs. Reynolds have arrived in Bryan and are at home to their friends in the Sbis apartment, the corner of College Boulevard and East 27th street.

## FOURTEEN STUDENTS OF BRAZOS COUNTY RATED DISTINGUISHED

(Special to the Eagle)

COLLEGE STATION, March 13—Among the students of the A. & M. College of Texas, who were rated "distinguished students" by Registrar C. E. Friley at the end of the first term were a number who reside in Brazos county. Included in the list were J. M. Crawford, of Bryan; L. Bailey, Bryan; C. A. Medberry, College Station; J. H. McDonald, College Station; A. B. Weaver, College Station; B. G. Wilcox, College Station; A. O. Hebel, College Station; Miss Mary Beers, Bryan; Miss Elaine Bizzell, College Station; Miss Elsie Duncan, College Station; Miss Katie Hyland, College Station; Mrs. I. C. Sanders, Bryan; P. Smith, Bryan and Mrs. A. B. Weaver, College Station.

For rapid healing there is nothing like Liquid Borzone. It mends torn flesh, heals cuts, burns or sores so quickly no time is lost from work. Price, 30c, 60c and \$1.20. Sold by all druggists. (Adv.)

## FRANKLIN-WEBSTER CLUB GRIDIRON DINNER WAS GIVEN AT AUSTIN

(Austin American)

AUSTIN, Tex., March 12—A special dinner in honor of the members of the Franklin-Webster club was given at the Driskill hotel last evening by W. L. Stark, manager. Owing to the illness of Mr. Stark, J. C. Denny, assistant manager, welcomed the guests.

There were 60 present with a few friends, the club including A. B. Spencer of Crosbyton, president of the West Texas Chamber of Commerce, and Speaker R. E. Seagler. Mr. Denny was blindfolded and introduced into the mysteries of the order of the "Royal Imperial Hijackers." Owing to the fact that there was a night session of the legislature, the program was an abbreviated one, but there were pungent remarks and witty sallies.

Hi-Private Pat M. Neff, governor of Texas, was in his place and made a speech. The speakers were President Cowen, Representatives Lee J. Rountree, W. E. Pope, Eugene Blount and C. E. Beasley, all members of the legislature and all alleged to be candidates for governor. Representative Beasley of Hopkins county will be host at the next meeting of the club, time to be announced by President Cowen. When the festivities were at their height and the news had come that the House would hold an all night and Sunday session Representative Rountree announced that this was the only club in the world that every man who was a member was either governor, or a candidate for governor—except himself. This brought on a heated discussion until the sergeant-at-arms appeared and summoned all to appear at the capitol where the House remained in session under locked doors until 1 a. m. Sunday morning.

Watch your children for symptoms of worms. They undermine the health and breed sickness. Use White's Cream Vermifuge. It expels worms and restores health and vigor. Price 35c. Sold by all druggists. (Adv.)

## SIXTEEN-YEAR-OLD BOY IS AMATEUR SCULPTOR

(From Monday's Daily).

A bust of a young man, presumably in his thirties, carved from a solid block of marble by William Robertson, 16-year-old school student, son of Mr. and Mrs. Robertson, College Avenue, is on display at the public desk at Carnegie Library. Miss Willie Rogers, the librarian takes delight in calling the attention of visitors to this fine piece of work, remarkable in that it was done in odd minutes by this mere youth who shows much promise. Perhaps there lurks in this lad a heretofore hidden and is just now finding itself, and an outlet.

The bust weighs, estimated from left, about thirty pounds, stands about 18 to 20 inches in height and is approximately the same across the shoulders. The general form has good outline and is rather well proportioned. The collar, foreign-hand tie and coat lapels are distinct, having been clearly raised from the base of the work. The eyebrows, lips, fleshy parts of the ears are raised and well shaped. The pupils of the eyes are denoted, as is customary, by round indentations. The hair shows a greater degree of perfection, perhaps, than any other part of the carving. It is combed back in what is known as pompadour or rouch style, and is well done in waves that give a pleasing and realistic appearance. The entire bust was all hand-carved with a hand chisel, which is another remarkable thing about the work.

It would be the work of a genius were there not some features of the carving that could be improved upon. The ears are a trifle small in proportion to the rest of the face; the nose is a trifle short as compared with the height of the brow—from the hairline to the base or seat of the nose—and from the nose to the point of the chin. The creases along the side of the nose, especially just about the upper lip, are not sufficiently denoted. This gives the nose a slightly up-turned appearance. The face bears a pleased expression and depicts a rather well developed degree of intelligence. One would think that the pleased expression either comes from the character and nature of the sculptor himself, or is a creature of his fancy and comes from his sub-conscious mind to be, without conscious volition, made a part of his handiwork. On the whole, the work is of such merit that people who have seen the marble think the boy should be encouraged to continue this work. The few faults above noted could be easily eliminated with a little practice and it may be that the lad has found the work for which he is fitted—this carving may be the foundation for a successful life-work.

If you belch up a bitter-tasting liquid, suffer from heartburn and sour stomach, you need the tonic properties of Herbine. It is a purifying and strengthening medicine for the stomach, liver and bowels. Price 60c. Sold by all Druggists. (Advertisement)

## MESSAGE FROM DR. FREEMAN

(From Monday's Daily)

Mrs. George F. Freeman of College Station, received a cablegram Saturday from Dr. Freeman at Honolulu saying he was well and happy, and so far had enjoyed his voyage. Dr. Freeman is on his way to Indo-China, a member of the commission of the General Colonial Company of France, government owned and endowed, to make an economic and commercial study of cotton culture. His many friends will rejoice with Mrs. Freeman in knowing he is safe.

## BULLOCK BABY KICKED BY HORSE AND JAW IS BROKEN TWO PLACES

(From Friday's Daily.)  
Quentin Bullock, aged three and a half years, son of Mr. and Mrs. E. W. Bullock, was rather seriously injured late Wednesday afternoon when he was kicked by a horse, hitched to a post in the yard at Greenville Farm, of which Mr. Bullock is general manager, the jawbone being broken in two places. Medical attention was immediately summoned and the injuries cared for, though it was thought at first that no bones were broken. Lockjaw serum was administered however. On Thursday morning the baby was brought in to the Bryan hospital for an X-ray examination and the broken bones found. They were set and the baby was again brought in today for final examination as to the result of the bone-setting. The baby has some fever but seems to be resting better today.

## AGED NEGRO DIED THIS MORNING IN THE BOTTOM

(From Friday's Daily.)  
Tom Haisley, an aged and well-thought-of negro on the Little Brothers plantation in Brazos Bottom died this morning about five o'clock of advanced age. He leaves a large family. He had lived on this plantation for many years.

DR. J. N. GOODWIN  
Internal Medicine, Diseases of Children, Smith Building, Office Phone 493. Residence Phone 295.

HALF AND HALF—Produces more lint, makes more money. Best Cotton Seed \$2.00 a bushel. I want a representative for Brazos County. Booklet free. J. M. BLIGH, Decatur, Ala.

## "Feeling Fine!"

"I was pale and thin, hardly able to go," says Mrs. Bessie Beardon, of Central, S. C. "I would suffer, when I stood on my feet, with bearing-down pains in my sides and the lower part of my body. I did not rest well and didn't want anything to eat. My color was bad and I felt miserable. A friend of mine told me of"

## CARDUI

The Woman's Tonic  
and I then remembered my mother used to take it. After the first bottle I was better. I began to fatten up and I regained my strength and good, healthy color. I am feeling fine. I took twelve bottles of Cardui and haven't had a bit of trouble since."

Thousands of other women have had similar experiences in the use of Cardui, which has brought relief where other medicines had failed.  
If you suffer from female ailments, take Cardui. It is a woman's medicine. It may be just what you need.  
At your druggist's or dealer's.

## Texas Woman Finds Health

Mrs. W. H. Strawn, of Dallas, Who Tells How to Have Perfect Health.

"There were times when I felt so bad and skinny, I was ashamed to go out and meet my friends," says Mrs. Strawn, popular resident of Dallas. "I weighed only 103 pounds. But now I am taking on weight and new life. Ironized Yeast did it. It is amazing what it has done for me. I now weigh 126 pounds. It means so much to me, because 127 pounds was my weight before I married. My husband says I am now more like the girl he married eight years ago, and my lost strength of six years is coming back."  
No discovery in the field of medicine has aroused more comment than that of the principle embodied in Ironized Yeast for building firm flesh on thin, anemic people and restoring the strength and vigor of health. Ironized Yeast will calm your tired nerves and nurture your shrunken tissues; you will soon know the joy of a hearty appetite, good digestion, rosy cheeks, plump limbs and buoyant spirits. These are the things Ironized Yeast has given to thousands of others, and is guaranteed to give to you. Get it today from your druggist. A ten-day treatment costs only a dollar. Ironized Yeast Company, Atlanta, Ga.  
Recommended and guaranteed by M. H. JAMES.

## SHERIFF MOREHEAD TO HUNTSVILLE AFTER JONES

(From Friday's Daily.)  
Sheriff L. E. Morehead left today for Huntsville to bring back W. H. Jones for trial in district court here on a charge of passing worthless checks, according to W. S. Martin, chief of police. Jones was sent to the penitentiary from Burleson county on a similar charge and he is to be brought here for trial for an offense committed in Brazos county.

## HORACE WHITE CASE TRANSFERRED CHANGE OF VENUE PALESTINE

(From Friday's Daily.)  
The case of the State of Texas vs. Horace White of near Bedias, Grimes county, charged with the murder of Dr. Bev. Harrison about three years ago, and which was called for trial here Thursday morning, has been transferred to Palestine in Anderson county on change of venue as it was deemed impossible to select a jury in this county. Shortly after noon yesterday it was found that but three jurors had been selected out of a special venire of 130 men drawn and, according to this percentage, it was thought unlikely that a jury could be drawn. This is the second change of venue, the first having been made when the case was transferred to Brazos county and tried after being once tried in Grimes county. The transferring of this case completed this week's work in district court. The case will be tried in Palestine some time during May.

## DEATH OF MRS. KELLY

(From Friday's Daily.)  
Friends in Bryan have received the sad news of the death of Mrs. B. F. Kelly at her home in San Antonio, Thursday afternoon, March 8, at 6:15 o'clock. Mrs. Kelly is lovingly remembered by a host of friends in Bryan, who knew her during the time she and her husband made this city their home while he was a vocational student at the A. & M. College. Mrs. Kelly is survived by her husband and one son, B. F. Kelly, Jr., aged 1 year.

FOR SALE CHEAP—Good walking planter and middle buster, nearly new at GRIFFIN'S SHOP.

## TWO ARE HELPED IN THE SAME FAMILY

Mrs. Lee Says She is Rid of Dyspepsia That Made Her Nearly Helpless. Praises Tanlac.

"For the first time in three years I can enjoy a hearty meal without suffering afterwards. All the thanks belong to Tanlac, and I cannot say too much in praise of this wonderful medicine, as not only myself but my daughter has been greatly benefited by it." This grateful statement was made the other day by Mrs. E. J. Lee, of Arcadia, Okla.

"Before I got Tanlac, indigestion wouldn't let me eat, excited nerves wouldn't let me sleep, I suffered severe headaches and dizzy spells, and my kidneys bothered me a great deal. My food soured and gas pressed on my heart and chest till I could hardly get my breath. I was always tired out and so run down that at times I was just about helpless."

"My troubles began to leave me on my first bottle of Tanlac, and now I am feeling like a new person, free from indigestion, my nerves steady and able to get plenty of restful sleep. The Tanlac treatment is simply wonderful."

Tanlac is for sale by all good druggists. Over 35-million bottles sold. (Advertisement)

## 5-12 PER CENT LOANS FARM AND RANCH LOANS

—BY—  
THE FEDERAL LAND BANK OF HOUSTON  
Easy terms—5 to 35 years Dependable Service  
This bank has loaned \$75,000,000 to 25 thousand Texas farmers in 5 years. The Bryan Association has loaned over \$500,000 to Brazos county farmers in 4 years. Let us tell you about it.

W. S. BARRON  
Bryan, Texas.  
Secretary-Treasurer, Bryan Association.

## START 1923 RIGHT BY USING

Star Brand High Grade Fertilizer

A HOME INSTITUTION

## ROUNTREE SECURES PASSAGE IN HOUSE FEED CONTROL BILL

(From Saturday's Daily.)  
(By Associated Press.)  
AUSTIN, March 10.—Representative Lee J. Rountree of Brazos, had passed late Friday afternoon the Feed Control Bill fixing penalties for false statements on prepared feedstuffs, which is of great importance to the work of the Texas Experiment Station at A. & M. College. The bill now goes to the Senate.

## ADVERTISING SUCCESS CHANGES MIND OF OLD-TIME CITIZEN, BRYAN

(From Saturday's Daily.)  
S. W. Buchanan walked into the Eagle office this morning and made this statement, "I have never advertised, but I am going to begin as soon as I have made certain improvements about my place of business, which will be in about a week." The author of the statement is not a young man and he has been in business in Bryan for thirty years. He said further, "I have always gone on the basis that I would let the service I rendered, the quality of what I had to sell and my price, be my advertisement; stand on my acquaintance in the community; but those times are past. To be successful in business today I realize I must advertise and keep up with the progress of the times. I am moving my place of business into a new location, a brick building, just across the street from where it is now located, and when I have everything in ship-shape, I will begin an advertising campaign and keep it up."

## MISS WEST IN BRYAN

Miss Virginia West has arrived in Bryan to make her home and is domiciled at the home of Mr. and Mrs. J. B. Sanders. Miss West has accepted a position with the Extension Service department, A. & M. College. Bryan friends will remember Miss West as the daughter of the late Dr. J. B. West, formerly pastor of the First Presbyterian church, who was so beloved by the entire citizenship and whose influence is still felt in Bryan.

## MILLICAN CLUB HELD AGRICULTURAL MEET

(From Monday's Daily.)  
The Progressive Millicanites Club held a meeting Friday, March 9 with 100-per cent attendance. A fine program was rendered and the club leader, T. A. Hensarling, Jr., addressed the club and told them of his experience as a farmer and his first bale of cotton (when he was a small boy). In the end he came out with seven and one-half dollars, with which he bought a young rooster and the preacher came for dinner and his mother killed the fowl. This ended his bale of cotton. An interesting talk was made by the president, Willie Brady. A number of yells and songs were enjoyed by all, and two interesting stories were told by Ruth Dixon and Lillian Mills. The meeting adjourned to meet again at the next regular meeting, on which occasion the members will spread lunch.

## BRYAN OFFICERS IN HOUSTON

Chief of Police W. S. Martin and Night Officer Offa Williams were in Houston Wednesday as witnesses in Federal court in the Lee Cortemeglia and Amos Gipson case from Bryan, charged with possessing intoxicating liquor. Amos Gipson was acquitted. The Cortemeglia case will be recalled again today.

## LEGISLATIVE REFORM RESOLUTION PASSES

(Special Austin American.)  
AUSTIN, Texas, March 8.—More than half a dozen proposed constitutional amendments were considered in the house yesterday. The Moore-Rountree resolution, to increase salaries of state officers and members of the legislature, and to increase length of the regular session of the legislature, was passed finally. This resolution was adopted, 104 to 23. It provides for an election to be held at the general election in 1924, on a proposed amendment to the constitution, to raise the governor's salary to \$8,000, the attorney general to \$6,500; salaries of the comptroller and secretary of state \$4,000; and the pay of members of the legislature to \$10 a day during a regular session of 120 days, after which the members would receive \$5 a day instead if the \$2 they now receive for time beyond 60 days.

## BRAZOS COUNTY BOYS AND GIRLS CLUB DEPARTMENT

Club Notes and Farm News by County Agent C. L. Beason

On last Thursday morning J. D. Martin, chairman of the Agricultural Committee, Bryan Chamber of Commerce, accompanied by County Agent C. L. Beason, visited the farm of William Manthei of the Kurten community, and greatly enjoyed seeing the fine stock and the many improvements on the Manthei farmstead. Mr. Manthei's breeding barns, well supplied with home raised feed, have some of the best stock that money can buy, he having learned long ago that the best is none too good. During the inspection of livestock at this farm the fact was brought out that the fine herd of Polled Durham cattle is the result of careful and systematic breeding, starting from a grade, not to say a scrub, and continuing on up to the present with cows showing a milk production of seven gallons per day. The substantial cream checks coming into the home twice a week attest the profitability of such cows. Through all these years of careful breeding, Mr. Manthei has kept well in mind the importance of better sires, changing from time to time, always making his "best better." A good farm home, commodious and well-arranged barns, ample feed lots, roomy hog pastures, saving of barnyard manure, implement sheds for the keeping and protection of farm tools, blacksmith outfit, and good looking and substantially built fences all attest the wide-awakeness of this Brazos county farmer. It does a fellow good to visit such a farm and farmer. Try it.

The Shorthorn World, December has the following paragraph of interest to livestock people: "Pure-bred steers from the herd of I. H. Whitman, Lisbon, Iowa, made quite a sensational record on the open market this fall. On October 5th Mr. Whitman sold on the Chicago market six head of steer calves, 11 months old, which averaged \$20 pounds and sold to Armour & Co. at \$12 per hundred-weight." Through the courtesy of the Shorthorn World we are privileged to use out showing Kathryn Funkhouser, White Post, Virginia, and her first prize baby beef in club show at Virginia State Fair. A pure-bred Polled Shorthorn steer, bred by J. C. Caither, Winchester, Va. It is hoped that Brazos county club members will have equally as fine stock at the Brazos County Shorthorn Auction Sale, May 18.

over in a short while. County Agent Beason came into town from a terracing demonstration Saturday afternoon just before six o'clock; a few minutes after "Bill" Cook drove in reporting that he had been doing the same kind of work. "Everybody is doing it." Since it is one sensible "fad," let's all join in and save the land and stop the building of ugly gullies, frowning monuments to our ill husbandry.

Last Friday the Kurten "22" boys' and girls' club had its first regular meeting with every member present, except two. It was a splendid meeting, all the members enjoying lunch together as they talked about things concerning their club, reports showing projects well underway. Otto Fuschak, president of the club, walked three miles from his work in order to be present at the meeting. Such loyalty as that on the part of officers of the club will make a record of which all will be proud. The Kurten "22" club will have a joint meeting with the community club on Saturday night, March 24, the Kossike band furnishing the music. Better not miss this great meeting.

If the teachers of the several schools will ask the secretary of club to read to the school some time during Friday of each week the "club notes" it will not only improve the ability to read orally and establish greater self-confidence but will also keep club members posted on prizes to be offered soon.

## ROUNTREE TO ADDRESS CAMERON C. OF C. ON FLOOD CONTROL WORK

(From Saturday's Daily.)  
(Special to the Eagle.)  
CAMERON, Texas, March 10.—Editor Lee J. Rountree, of the Bryan Eagle, has been invited to speak at the annual banquet of the Cameron Chamber of Commerce on Tuesday evening, March 27. It is understood Mr. Rountree will discuss the constructive work now going on in Texas to protect the lands along the Little river, the Brazos river and other rivers of Texas in which Milam county is deeply interested.

## EDGE MIGRATED TO BRYAN ON FRIDAY

(From Saturday's Daily.)  
W. P. Nash, G. A. Nash and J. R. Nash, Horace Thurman, Aubrey Lawless, Tranter France, John Payne, Albert Payne and Ernest Moore, all of the Edge Community, were Bryan visitors on Friday afternoon. But Edge is a large community and enough remained there to capably look after home interests.

## OF INTEREST IN BRYAN

Mrs. F. M. Court will return Saturday evening from visits to her daughters, Mrs. A. L. Ward at Bryan, and Mrs. J. H. Sellers at Fort Worth. In Fort Worth, Mrs. Court attended the state executive board two-day session at W. M. U. training school on Seminary Hill. Mr. and Mrs. Court are located at the Cotton hotel for the season.—Houston Post.

## GOV. NEFF'S PET MEASURE KILLED IN SENATE BY A CLOSE VOTE, 14-13

(Special to the Eagle.)  
AUSTIN, Tex., March 12.—There will be no constitutional convention the Senate decided Saturday, refusing by a vote of 14 to 13 to adopt a favorable committee report on the Rountree concurrent resolution submitting a call for a convention to the people. The Senate voted on a motion to adopt the minority committee report, recommending that the resolution be not adopted. The vote was a tie—13 to 13—when Senator Parr entered the chamber. He at first voted aye and then changed his vote to no, making the vote against the motion 14 to 13.

## "BUY AT HOME" URGED BY WOMAN'S CLUB IN MEETING ON MONDAY

(From Thursday's Daily.)  
That the Woman's Club incorporate in its program for 1923, a "Made in Bryan Day," as one of the open meetings when the public generally should be invited, was a special request made of the program committee by Mrs. Frank L. Webb when she was chosen president of the club for the year. That her vision of a pleasant and profitable occasion was a true and worthy one, was evidenced on Wednesday, when the auditorium of Carnegie Library was filled with an appreciative audience composed of Bryan and College women, many visitors and a representative delegation of men from the Bryan Rotary Club, to enjoy the special program.

"Buy in Bryan" Urged  
Promptly at 3 p. m. Mrs. F. L. Webb called the meeting to order welcoming in a gracious manner the assembled audience, and assuring them that the Woman's Club appreciates the co-operation and fellowship evidenced in their presence. As the club roll was called by the secretary, Mrs. A. K. Brown, each woman, who was born in Bryan, was requested to give a reminiscence of Bryan history, as "memory served her." This was a very entertaining feature and brought out many interesting points. At this time, Mrs. B. U. Sims, under whose direction the program had been arranged, and by whose untiring efforts a splendid display of "made in Bryan" products was secured, took charge of the program. Mrs. Sims told of the real pleasure that had come to her in this program work, of the excellence she had found in many Bryan products and the pleasure of urging the club women to give every encouragement to "Bryan made products," as a loyalty well deserved.

## G. W. BARNES, COLLEGE BUYS A BRYAN HOME

(Special to the Eagle.)  
COLLEGE STATION, March 13.—G. W. Barnes '11 recently employed as beef cattle specialist of the Extension Service has taken up his duties in connection with his new position. His family will arrive from Corpus Christi within the next few days. They will reside in Bryan. Mr. Barnes has purchased the home of H. H. Williamson, state agent of the Extension Service. Mr. Williamson sold his home in Bryan to take up his residence on the campus. He will move today into the residence now occupied by Professor George P. Grout. Professor Grout will move into the newly furnished residence on the lot south of the Commandant's residence.

## BRYAN H. S. WON IN BASKET BALL, NAVASOTA

(From Saturday's Daily.)  
The boys' basket ball team of the Bryan High school won from the Navasota team at the College gym Thursday afternoon by the decisive score of 27 to 10. Team-work was the secret of the victory and the high score with wide margin. Cloud, forward and captain for Bryan, was the high point man with 17 out of the 27 total.

## BORISKIE-BANTA WEDDING

(From Monday's Daily.)  
Miss Elizabeth Boriskie, daughter of Mr. and Mrs. John A. Boriskie and Mr. George Banta of Eureka Springs, Arkansas, were quietly married Sunday evening at nine o'clock at the home of Rev. and Mrs. King Vivion, College Station. Rev. Vivion officiating. Mr. and Mrs. Banta left immediately for Waco, thence to Eureka Springs, Arkansas, for a visit to relatives. A full account of this wedding will appear in the social columns of the Eagle Friday.

## MRS. J. J. TATUM GETS SURPRISE ON BIRTHDAY

(From Thursday's Daily.)  
Mrs. Tatum, wife of Rev. J. J. Tatum, was very pleasantly surprised on last night after prayer-meeting, when, in honor of her birthday, about forty of those present at the meeting, went from the church to her home to spend the evening with her. Mrs. Tatum had made the remark during the day that she had never yet been surprised as she always managed to get an inkling of anything of that nature; however, Rev. Tatum is authority for the statement that she was completely surprised on this occasion. Many tokens of remembrance were left before the guests took leave after visiting and singing, and after light refreshments had been served.

## INFANT CHILD DEAD

(From Thursday's Daily.)  
The infant son of Dr. and Mrs. G. E. Sutton died last night at 5:30, aged four days. The funeral was held this afternoon at three o'clock with interment in the Bryan City cemetery.

## RIO GRANDE WATER RIGHTS BETWEEN THE U. S. AND MEXICO

(Special to the Eagle.)  
AUSTIN, March 12.—Representative Rountree will call up Concurrent Resolution No. 22, today asking for the appointment of a boundary commission between the United States and Republic of Mexico fixing the water privileges between the two countries on the Rio Grande river by an act of congress. Rountree is joined in the resolution by Quaid, Montgomery, Lewis and Jones.  
James and Wiprecht have just sold a north fronting 100 feet on north Bryan street to John M. Sebesta, who it is understood, will soon erect a brick business building on the premises.

# **INTERSCHOLASTIC MEET WILL BE HELD AT COLLEGE, MARCH 16-17**

Dr. W. B. Bizzell of College and Mr. Wilcox of the Consolidated Schools have offered every facility for holding the Field Meet at College and in the Consolidated School Buildings. And, owing to the fact that there are 118 contests to be held for the two days, the court house in Bryan isn't adequate, and the city high school will be in session, so, those in charge of the meet have decided to move it to College. At College every facility will be at the disposal of the meet. The Consolidated School has eleven well equipped rooms and an annex which will be turned over to the meet. And such other rooms and halls as may be needed, the College proper will turn over. Thus, the question of accommodations for the meet is solved. It is with sincere regret on the part of those in charge that available facilities in Bryan couldn't be had. The teachers and people of the county appreciate the spirit of the business men of Bryan in their contributions in donations and good will towards the success of the meet and want them to know that the moving to College is not an indication of a lessening of this appreciation; that the removal to College was a matter of necessity, since the meet has outgrown the court house, and the city high school was not available.

The time schedule for all contests for both days will remain the same with a few exceptions that will be noted below. The various contests will be held in the rooms as follows: Friday morning contests will all be in the Consolidated school building, with the Grade 4 contests in Room 4, Grade 5 in Room 5, Grade 6 in Room 6, Grade 7 and 8 in Room 8, Grade 9 (Algebra) in Room 9. Penmanship—Grade 1 in Room 1, Grade 2 in Room 2, Grade 3 in Room 3. Free Hand Drawing in Room 7, Senior Spelling in the Annex, the Short Story and Essay Writing in the Library.

**Friday Afternoon**  
Sub-Juniors in Room 4, Juniors in the Annex; Music Memory at 2 o'clock and Agricultural Chart at 1 o'clock in Room 8; Grade Spelling will be: Grade 1 in Room 1, Grade 2 in Room 2, Grade 3 in Room 3, Grade 4 in the Library, Grade 5 in Room 5, Grade 6 in Room 6, Grade 7 in Room 7. Seniors, First Division, will be held in the Y. M. C. A. parlors on the third floor of the Y. M. C. A. building, and the Senior Second Division, which includes all regular scheduled Declamations,

will be held in the Airdome. The regular debates will be held in the Physics building auditorium. It will be noted again that the time schedule will be the same as previously announced in the Eagle, unless special attention is called to a change. The Extempore Speeches and Debates will be in the same divisions as before announced and at the same time. The regular debates will begin in the Physics auditorium at 1 p. m. and continue until finished.

**Saturday**  
All Athletic events will be previously announced. The only change is the holding on Kyle Field instead of Allen Academy Field, excepting that Volley Ball will begin at 1 p. m. instead of 1:30. Cooking and Sewing will begin at 2:30 and will be held in Consolidated Home Economics building under Miss Rotten. Let it again be stressed that any and every contestant who is not present to register at the time for their contests, will be debarred. There shall be absolutely no exceptions made in this ruling and the judges shall be so instructed. Also, every school must send to the president of the association a list of their contestants not later than in Wednesday's mail. His address is Edge.

The College will provide noon luncheon to all who want it for 35 cents. Further announcements about Silver Loving Cups, Medals, etc., will be made in Tuesday's Eagle. Watch for them. P. S. MANGUM, President of the Educational Association and Director of General Athletic League.

**GRIGSBY-HARRIS NUPTIALS**  
(From Wednesday's Daily).  
In a very quiet home wedding, Miss Hazel Grigsby, of this city was married to Mr. Felix J. Harris, of College Station on Tuesday evening of last week. The ceremony was solemnized at the home of the groom's sister, Mrs. Frank Ward, 1914 Decatur Avenue, Houston. The bride is well known here and has a host of friends among the people of this city, having made her home here for several years.—Navasota Examiner-Review.

Mr. and Mrs. C. P. Coffman and sons of Sedalia, Mo., and Mrs. E. F. Rush and son of Houston, who have been guests of Mr. and Mrs. A. A. Newcomb left today for a visit to Goose Creek, Houston and Valley Mills, returning to Bryan Saturday.

## **PERSONAL MENTION**

(From Wednesday's Daily).  
Officer Offa Williams left today for Houston to appear in Federal Court there against Will Berger, charged with possession of a liquor still, substituting for Sheriff L. E. Morehead, who had been summoned but could not leave while district court was in active session.

Mrs. S. E. Ames of Lodi, California, is here for a lengthy visit to her grandparents, Mr. and Mrs. J. T. Hines. Mrs. Ames, who before her marriage was Miss Louise Stickley, will be pleasantly remembered by numerous girlhood friends in Bryan.

Starting today the big Avery Week agricultural implement display at the Cole Hardware Company will occupy the center of interest to the farmers of Brazos county and surrounding territory, and with special representatives from the Avery factory present should prove one of the most profitable exhibits of the kind ever held in this section.

Mr. and Mrs. J. H. Ryan are at home during their stay in Bryan at the home of Mr. and Mrs. Sam M. Hunter, in the Southern part of the city.

Miss Mary Helen Hailey of Marlin arrived this afternoon for a visit with her friends, Miss Juliet Castles, at the home of her mother, Mrs. Mabel Castles on East 28th street.

The many friends of W. S. Johnson will regret to learn that his condition remains quite serious with no change for the better today. He has been ill for the past two weeks at his home in the southern part of the city.

Mrs. Guy Adriance was hostess to the Junior Bride Club this afternoon from 3 to 5 o'clock at the residence of Mr. and Mrs. John M. Lawrence on East 26th street.

Broadway, Katherine Viviani, Mary Viviani, Kate Palermo, Christine Stasny, Clara Milberger, Frances Noto, Fay Morton Frances Cash, Helen Brown, Rena Cash, Annie Palermo.

## **ATTENTION, FRIEND IN NEED!**

Bryan, Texas, March 14, 1923—You are hereby notified of an assessment of One Dollar and Ten Cents (\$1.10) each on account of the death of Mrs. Mary Foster, No. 104. This amount must be paid to J. T. Maloney, Secretary, within 10 days, by March 26, or you will be suspended, when it will cost you \$1.50 to become reinstated, and the approval of the Board of Directors. Last call showed, members 226, 1 dead. Present membership 225. W. T. JAMES, President. Attest: J. T. MALONEY, Secretary, Bryan Council Friend in Need Society.

Kauffman's Cafe has just installed a series of handsome new dining booths with marble top tables to seat either two or four persons. Walls are mirrored and the lights will be installed to give Japanese lantern effects.

Miss Ruth Lawler, supervisor of music and art in the public schools, has on exhibition in the windows of the Green Parrot Tea Room a very creditable exhibit of home interior decorations, prepared by her sixth grade pupils. From time to time Miss Lawler expects to have various displays of this nature from other grades.

Miss Hattie Mae Vance and Miss Richie Smith of Smetana were Bryan visitors today.

## **COMMITTEE TO WORK OUT EFFICIENT PLAN OF COMMUNITY CHEST**

(From Wednesday's Daily).  
(As reported by Secretary)  
The meeting of the representatives of the different civic organizations of Bryan met at the Chamber of Commerce rooms, Tuesday, March 13th. Chairman E. J. Jenkins of the Red Cross, called the meeting to order.

The chairman briefly stated the purpose of the meeting and called upon Major Ike Ashburn of College, chairman of committee from the Red Cross who stated that recommendations covering the health work and other features of the work outlined by the committee. After a brief discussion motion was made that temporary organization be perfected and resulted in the election of E. J. Jenkins as chairman, M. M. Erskine secretary. Hon. F. L. Henderson, chairman of the school board, spoke upon the need of the health work, in the county schools and suggested that the Community Chest plan, similar to the one now being used in Houston, be adopted. Chairman Jenkins was instructed to appoint a committee of five to work out a plan and report such action at the next meeting of this temporary organization which will be March 27th.

## **Present at Meeting**

The committee appointed as follows: F. L. Henderson, Tyler Haswell, E. E. McAdams, Mrs. J. B. Beers, Mrs. A. H. Leidigh of College. Those present at the meeting were: Mesdames J. B. Beers, E. H. P. Bain, Lee J. Rountree, Egbert Jones, J. H. Allen, A. H. Leidigh, J. M. Jones, O. W. Silvey, Guy Bittie, Tyler Haswell and B. U. Sims. Major Ike Ashburn, Messrs. H. H. Guiberson, John M. Collins, Tyler Haswell, D. J. McDonald, E. J. Jenkins, D. L. Wilson, J. L. Edge, F. L. Henderson, E. E. McAdams, R. Q. Astin, M. M. Erskine. Visitors: S. Moylan Bird, S. E. Eberstadt, Dr. John A. Field, Mrs. M. B. Parker, Mrs. F. L. Webb and J. E. Covey.

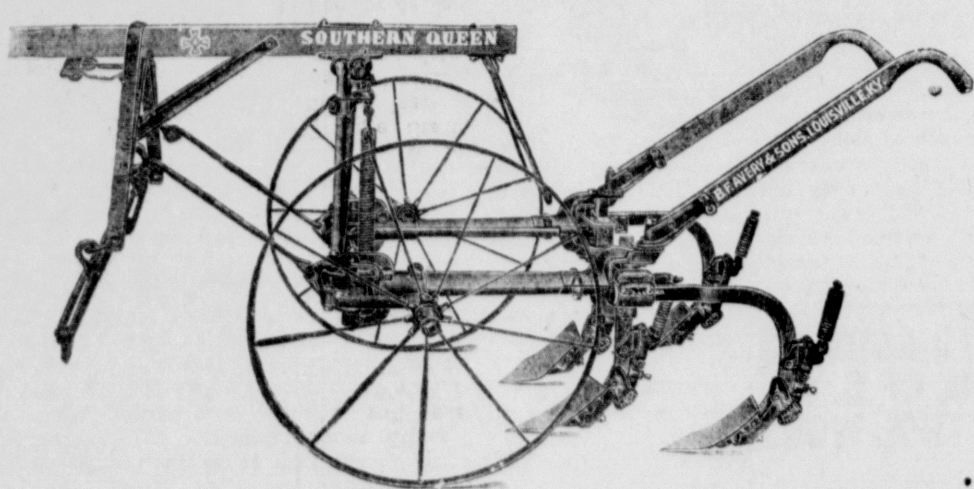

## **REPAIRS WERE MADE ON WRECKED CHURCH**

The Bright Light Free Baptist Church at Harvey, which was blown off its foundation in the wind storm of a few nights ago was replaced on its foundation Tuesday by a force of volunteer workmen. Rev. J. P. Brown, Rev. J. J. Tatum and M. G. Buchanan, all of Bryan, and about ten co-workers from the Harvey community, did the work with tools furnished by M. G. Sowarby and Dave Phipps. A dinner was served to all taking part in the work by Mr. and Mrs. Kan Kelly.

Miss Hattie Mae Vance and Miss Richie Smith of Smetana were Bryan visitors today.

These cars in good condition and carry very low price.

**HALSELL MOTOR CO.**  
Dodge Brothers Motor Cars

**100,000 Satisfied Users**

OVER 100,000 farmers, many in this vicinity, say the Avery Mr. Bill Corn and Cotton Planter is the best they ever used. Every man who raises corn or cotton should remember this when he comes to buy a planter. For a Mr. Bill will pay for itself the first season. And every year after that will mean added profits.

Mr. Bill is the "daddy" of all riding corn and cotton planters. The first in the field it is today the acknowledged leader. It is so simple that anyone can run it; and so durable that hundreds of Mr. Bills 17 or 18 years old are still doing their bit. In

fitting Avery Single Seed Hoppers on Mr. Bill Planters we have found some over 15 years old that are doing good work today.

For planting cotton, corn, peanuts (shelled or unshelled), velvet beans, maize, Kafir, peas, etc., no other planter approaches the Mr. Bill. It can be used at any time with many kinds of attachments including the famous Avery Single Seed and Duplex Hoppers, the Avery Picker Wheel Drop, a lister bottom, and a large variety of sweeps and plates.

Do not fail to carefully investigate the Avery Mr. Bill. May we demonstrate?

There is a full line of famous Avery walking, riding and tractor plows, tillage implements and Champion harvesting machinery

**COLE HARDWARE COMPANY**
